To whom it may concern,

In my capacity as a Games development lecturer in SAE Dubai, I state that Alexandar Le Mesurier is one of our excellent students, full of dedication and potential. He has a well-rounded personality, and his ability to cooperate with his lecturers and teammates made it easy for him to fulfil the requirements needed to successfully pass most of our subjects with a distinction grade. He pays a lot of attention to details and his deliverables are usually very polished.

I evaluate Alexandar as an intelligent, dependable, dedicated person, who is ready to achieve his career goals. And I believe he will be able to further his studies in games development. I can assure you he will be a valuable asset to any game development team.

Please feel free to contact me at my email below if you need any additional information or clarification.

Sincerely,

**Ahmed Gamal**

Games Development Lecturer
